The newsletter is only going to be sent via the App now.

If you hear of someone not able to access it, then please ask them to call in to see Mr Irvine to sort out any technical issues.

There are a few parents who have not signed up for parents evening consultations. This is a brief, but really important meeting with the class teacher. Please phone the office if your child has not brought your booking letter home.

GARDEN SCHOOL PROJECT

Please could Garden School have any tins of paint left over from your decorating projects?

The brighter the colour the better!

Our Friday 'Garden School' has been very busy.

Since we began in September different groups of children have been learning through a wide variety of activities.

These have included harvesting crops from the poly tunnel and some of the children have tried different produce for the first time.

They have been cooking, planting, painting and looking at the amazing creepy crawlies you can find in manure.

Last week a group of children helped to build our new compost bin. They had a go at using full size tools and were very proud of their achievement.

Thank you to 'Friends' for their financial support of this new adventure in learning.
