Geography- A study of a contrasting non-European country.	Science – A focus on the different trees and plants found in our local area.	History – A study of events beyond living memory that are significant through learning about The Great Fire of London.	Geography – A focus on map and fieldwork skills looking at key human and physical features of its surrounding environments.
Religious Education Topic	The Bible	Christmas Why was the birth of Jesus such good news?	Jesus, Friend to everyone	Easter signs and symbols	What happened at the Ascension and Pentecost?	Why is the Church a special place for Christians?

The curriculum topics for each year group at St Chad's ensure coverage of the National Curriculum (NC) over each 2 year period of KS1/ Lower KS2 and Upper KS2. Each topic will have a main subject focus but other subjects will also be taught each half term and meaningful cross-curricular links made. Subjects are also taught as discrete subjects.

The following subjects are taught each year: English, Maths, Science, Religious Education, Computing, History, Geography, Art, Design Technology, Music, PSHE and Modern Greek (KS2).

Skills and content covered, within each year group for every subject, are listed under the curriculum tab on the school web-site.

Should you wish to find out more about your child's curriculum, please contact your child's class teacher or the headteacher.
